

POST-TEST

April 2008 Edition - ACPE Program # 064-999-07-259-L01-P

POST-TEST

Post-Test Question 1

Which ONE of the choices below should be considered the most important prognostic factor for the risk of recurrence and death in primary melanoma?

Answer Choices for Question 1

- A. ulceration
- B. Breslow thickness
- C. regional nodal status
- D. anatomic site of disease
- E. age

Post-Test Question 2

What level of risk of having nodal disease (based on primary tumor features) is considered the threshold for recommending patients to undergo sentinel node biopsy?

Answer Choices for Question 2

- A. 2%
- B. 5%
- C. 10%
- D. 15%
- E. 20%

Post-Test Question 3

Which of these primary tumors should be for considered for a sentinel node biopsy?

Answer Choices for Question 3

- A. Breslow thickness 0.76 mm, Clark level IV invasion
- B. Breslow thickness 1.01 mm, Clark level III invasion
- C. Breslow thickness 4.3 mm, Clark level V invasion
- D. Breslow thickness 0.6 mm but with positive deep margin on shave biopsy
- E. all of the above

Post-Test Question 4

You can counsel a patient being referred for sentinel node biopsy that the proven benefits to the procedure (compared to nodal observation) include:

Answer Choices for Question 4

- A. powerful prognostic information independent from primary tumor features
- B. a disease free survival benefit
- C. a tool with which physicians can select patients who might best be offered adjuvant or investigational therapy
- D. a regional disease control benefit in the regional nodal basin
- E. all of the above

Post-Test Question 5

For patients with a pathologically negative sentinel node biopsy which ONE of the following statements is true?

Answer Choices for Question 5

- A. the patient cannot have a recurrence
- B. recurrence rate is no different than for patients who did not have a sentinel node biopsy
- C. the risk of recurrence in that node basin is less than 5%
- D. the patient is more likely to recur in that node basin than at any other site
- E. none of the above is true

Post-Test Question 6

For patients with a pathologically positive sentinel node, what is the current standard of care?

Answer Choices for Question 6

- A. Chemotherapy
- B. Radiation therapy
- C. Observation
- D. Regional node dissection
- E. Immunotherapy

EVALUATION

Evaluation Question 1

This program met my overall objectives.

- A. Strongly Agree
- B. Somewhat Agree
- C. Neutral
- D. Somewhat Disagree
- E. Strongly Disagree

Evaluation Question 2

The program discusses the importance of regional node status in estimating prognosis for patients with newly diagnosed melanoma.

- A. Strongly Agree
- B. Somewhat Agree
- C. Neutral
- D. Somewhat Disagree
- E. Strongly Disagree

Evaluation Question 3

This program summarizes for colleagues the current indications for sentinel lymph node biopsy for patients with melanoma.

- A. Strongly Agree
- B. Somewhat Agree
- C. Neutral
- D. Somewhat Disagree
- E. Strongly Disagree

Evaluation Question 4

This program describes with colleagues the impact sentinel lymph node status has in the treatment choices and outcomes of melanoma.

- A. Strongly Agree
- B. Somewhat Agree
- C. Neutral

- D. Somewhat Disagree
- E. Strongly Disagree

Evaluation Question 5

What is your overall opinion of this program as it applies to your clinical practice?

- A. Very useful
- B. Somewhat useful
- C. Neutral
- D. Not very useful
- E. Not at all useful

Evaluation Question 6

In what way(s) can this program be improved?

Evaluation Question 7

CME activities must be "free of commercial bias for or against any product." In this regard, did you perceive any commercial influence in this web-based presentation?

- A. Yes (please explain)

B. No

Evaluation Question 8

Did the author(s) disclose discussion of off-label drugs and/or devices?

A. Yes

B. No (please explain)

C. N/A - There was no discussion of off-label drugs and/or devices

Evaluation Question 9

Would you like to receive information on other CME activities?

A. Yes - my email is:

B. No, thanks

Evaluation Question 10

Enter the number of hours it took you to complete this course (e.g., 0.5, 1.25, etc.):
