License Number: _____

POST TEST

Post Test Question 1

The most effective dose for minocycline in acne has been found to be which ONE of the following?

Answer Choices for Question 1

- A. 100 mg twice daily
- B. 75 mg twice daily
- C. 1 mg per kg per day
- D. 50 mg three times a day
- E. None of the above

Post Test Question 2

Maintenance therapy for acne should include which ONE of the following?

Answer Choices for Question 2

- A. Long-term antibiotic treatment
- B. A topical retinoid
- C. Oral isotretinoin
- D. Oral contraceptives
- E. Spironolactone

Post Test Question 3

Based on the research discussed in this issue, which ONE of the following most accurately completes this sentence: "Combination treatment for acne ___?"

Answer Choices for Question 3

- A. Is more effective than most single agents used alone
- B. Produces more bacterial resistance
- C. Produces more irritation than single agents
- D. Should not be used to treat acne
- E. Interferes with the action of the individual ingredients

Post Test Question 4

Based on the research discussed in this issue, which ONE of the following most accurately completes this sentence: “Bacterial resistance in acne patients ___?”

Answer Choices for Question 4

- A. Does not occur
- B. Is not clinically relevant
- C. Can be minimized by the use of benzoyl peroxide
- D. Only occurs with topical antibiotics
- E. Only occurs if they have community acquired MRSA

Post Test Question 5

“Combining topical retinoids and topical antibacterial agents affects at least two pathogenic processes in acne.” This statement is:

Answer Choices for Question 5

- A. True.
- B. False.

Post Test Question 6

Based on the research presented in this issue, which ONE of the choices below most accurately completes this statement: "Using topical retinoids as maintenance therapy in acne ____."

- A. Can reduce the need for long-term antibiotics
- B. As monotherapy, may enhance patient compliance
- C. Continues to affect the primary lesion in acne, the microcomedo
- D. Has been proven clinically efficacy
- E. All of the above accurately complete the statement

EVALUATION

Evaluation Question 1

This program met my overall objectives.

- A. Strongly Agree
- B. Somewhat Agree
- C. Neutral
- D. Somewhat Disagree
- E. Strongly Disagree

Evaluation Question 2

This program explains how the antibiotic treatment of acne can be calculated as dose per body weight.

- A. Strongly Agree
- B. Somewhat Agree
- C. Neutral
- D. Somewhat Disagree

- E. Strongly Disagree

Evaluation Question 3

This program describes how retinoids may be used in conjunction with both topical and systemic antibiotics, and may then be used as monotherapy for maintenance.

- A. Strongly Agree
- B. Somewhat Agree
- C. Neutral
- D. Somewhat Disagree
- E. Strongly Disagree

Evaluation Question 4

This program discusses how bacterial resistance in acne treatment can be minimized by the concomitant use of benzoyl peroxide.

- A. Strongly Agree
- B. Somewhat Agree
- C. Neutral
- D. Somewhat Disagree
- E. Strongly Disagree

Evaluation Question 5

What is your overall opinion of this program as it applies to your clinical practice?

- A. Very useful
- B. Somewhat useful
- C. Neutral
- D. Not very useful
- E. Not at all useful

Evaluation Question 6

In what way(s) can this program be improved?

Evaluation Question 7

CME activities must be "free of commercial bias for or against any product." In this regard, did you perceive any commercial influence in this web-based presentation?

A. Yes (please explain)

B. No

Evaluation Question 8

Did the author(s) disclose discussion of off-label drugs and/or devices?

A. Yes

B. No (please explain)

C. N/A - There was no discussion of off-label drugs and/or devices

Evaluation Question 9

Would you like to receive information on other CME activities?

A. Yes - my email is:

B. No, thanks

Evaluation Question 10

Enter the number of hours it took you to complete this course (e.g., 0.5, 1.25, etc.):
